CITY OF COFFEYVILLE
BOARD OF COMMISSIONERS AGENDA ITEM

MEETING DATE	March 22, 2016	
RESOLUTION OR ORDINANCE NUMBER	R-16-54	
AGENDA TITLE	**A Resolution to authorize execution of a construction contract with Bryant & Bryant Construction, Inc. for curb & gutter replacement and street surface milling and overlay of 9th Street from Camden street to Willow Street.**	
REQUESTING DEPARTMENT	Public Works/Engineering	
PRESENTER	Chuck Shively, Director of Public Works Thomas Osborn, Supt. of Engineering	
FISCAL INFORMATION	Cost as recommended:	$134,572.00
	Budget Line Item:	520-5-220-868
	Balance Available	N/A
	New Appropriation Required:	[X] Yes [ ] No
PURPOSE	To authorize execution of a construction contract with Bryant & Bryant Construction, Inc. for milling and asphalt overlay of 9th Street from Camden Street to Willow Street, including curb and gutter replacement as specified.	
BACKGROUND	As you are aware, the City of Coffeyville has awarded construction contracts for replacement of the street, sidewalks, curb and gutter, driveways, etc. on 9th Street from Camden Street to Hall Street. The projects are being partially funded by two CDBG Grants from the Kansas Department of Commerce totaling $750,000.00. The original concept for the project was to for the project area to be Willow Street to Buckeye Street.	

BACKGROUND (CONTINUED)	But, discussions with CDBG staff prior to submitting the first grant application indicated that our chances of receiving the grant would be much lower if the project area included the college dormitories areas. The reason was that the CDBG program is primarily aimed at benefiting residential low to moderate income areas. So, we revised the project area to be Camden Street to Hall Street.
SPECIAL NOTES	
ANALYSIS	Now that construction contracts have been awarded for the grant projects, staff has requested a quote from the street project contractor to perform milling and asphalt overlay, plus curb and gutter replacement where necessary, in the area from Camden Street east to Willow Street. Staff believes that this additional project would be beneficial to complete the original project concept, and that it is needed due to the condition of the street. In addition, the fact that the contractor will already be mobilized to perform the grant project means that the price is lower than we could ever expect if we bid the project separately at a later time. The contractor submitted a quote for performing the additional requested work based on their bid unit prices on the grant project, with no additional mobilization, etc. The total amount requested for the additional work is $134,572.00. If awarded, this proposed project will be funded entirely by City street sales tax funds, and must be kept separate from the CDBG projects.
PUBLIC INFO. PROCESS	N/A
BOARD OR COMMISSION RECOMMENDATION	N/A.
STAFF RECOMMENDATION	Approve the proposed Resolution authorizing execution of a construction contract in the amount of $134,572.00 with Bryant & Bryant Construction, Inc. for curb & gutter replacement, milling, and asphalt overlay of 9th Street from Camden Street to Willow Street.
