You Drink. You Drive. You Lose.

During the ****You Drink. You Drive. You Lose. Campaign*** just completed, Coffeyville Police Department conducted overtime saturation patrols to aggressively enforce Kansas impaired driving laws. During the campaign, officers made 1 impaired driving arrest and wrote 13 safety belt citations, 3 speeding citations, and 4 other citations and arrests. 39 vehicle stops were made during the campaign.

According to Chief Kwin Bromley, if you were stopped you hopefully learned from your experience. You can count on this department to vigorously enforce impaired driving and other traffic laws all through the year.

We will continue to do so because, while the ***You Drink. You Drive. You Lose. Campaign*** may be over; we are always committed to enforcing impaired driving and other traffic laws.”

**This traffic enforcement campaign is supported by a federal grant from the Kansas Department of Transportation.*
